## EXCELLENT RESULTS AFTER TWO DAYS' WORK IN LOCAL CAMPAIGN

Red Cross Campaign Week Totals To Date Are More Than Two Thirds Amount Asked By State Committee; Banquet Will Be Given Leading Team

Business was rather dull in the local Red Cross campaign Tuesday, though the teams reported a total of \$588.00 for their day's work. Many team members were out of town. Others were obliged to attend to other business, but there is a general promise of thorough work to be done today.

St. Johnsbury is required to contribute \$5000 towards the \$100,000,000 war fund the Red Cross is endeavoring to raise in one week. Two days of the campaign week have passed and already \$3231 have been contributed. At the same rate the contributions should total well over the desired amount before the week ends. As a stimulation for renewed efforts by members of the various teams it is proposed that the workers celebrate the closing of the campaign with a banquet, the cost of which is to be paid as follows:

The team finishing first in the race pays nothing; the second team pays 1-15 of total expense; third team pays 2-15; fourth team pays 3-15; fifth team pays 4-15; and sixth team pays 5-15. A meeting of the workers will be held in the Armory Thursday evening at seven o'clock standard time, for the purpose of comparing notes preparatory to rounding up the slackers. Every team member is required to be present.

Following are the subscriptions of Monday and Tuesday together with the standing of the teams:

## GRADUATION EXERCISES OF ST. JOSEPH'S ACADEMY HELD AT ST. AGNES HALL

Every seat in St. Agnes' Hall was taken Friday evening, when a graduation program, in honor of the three graduates of the Mt. St. Joseph's Academy, namely, Jeanne Dutilleul, Lucie Racicot, and Lucienne Landry, was presented. Pupils of every class, from preparatory to ninth grade, received prizes for the year's work, while the graduates were presented with gold medals. The program was one of the most elaborate and successful ever presented in the hall. Rev. E. C. Drouhin, P. R., addressed the gathering.

The program was as follows:  
Entrance, "La Reine de Saba," two piano quartet; selection, grand chorus of the institution; award of prizes to the children of the preparatory to 1st grade class; Military March, three piano trios by school girls; Overture, "Baptism of the dolls," by the pupils; duet, "La Capricieuse"; award of prizes to girls of the second grade; chorus, "The Lily and the Rose," by 25 pupils carrying roses and lilies; award of prizes to pupils of the third grade; flag drill, by twenty girls, with flags and uniforms; award of prizes to pupils of the fifth and sixth grades; recitation, "Les Trois Lapins"; award of prizes to pupils of the seventh grade; drama, "The Honor of the Class," by pupils of the eighth and ninth grades; presentation of gold medals to the graduates; Lullaby, duet, "The Little Boat," by the pupils; address by Rev. E. C. Drouhin; finale, "Under the Double Eagle," piano trio.

The graduation of the boys of St. Gabriel's School takes place at St. Agnes' Hall Sunday evening.

## GRADUATION EXERCISES OF ST. GABRIEL'S SCHOOL HELD AT ST. AGNES HALL

An elaborate program was presented to hundreds who packed St. Agnes' Hall Sunday evening, the occasion of the graduation of four boys from St. Gabriel's School. The boys graduating are Normand Lachance, Alfred Bussiere, Alfred Daniel, and George Lachance. The diplomas were presented by the Rev. C. E. Drouhin, sent by the Rev. C. E. Drouhin, especially good, from the "Parade of the Babies" by the children of the first and second grades, and "Country Justice" by the pupils of the seventh and eighth grades, to the comic opera "Barbaro, the Brigand," which was given by boys of all grades. Father Drouhin spoke on the work of the school through the year.

The Boys' Band was at its best in the introductory selections, while other pieces by pupils of the school met with equal favor. Following is the program:

Fairy Belle and the Marseillaise, by the Boys' Band; distribution of honor prizes to pupils having records of perfect attendance and deportment throughout the season, and children of the first grade preparatory class; playette, "La Parade des Bebes," by children of the preparatory class; distribution of prizes to pupils of the first and second grades; selection, L'Orphelin, presentation of prizes to pupils of second and third grades; selection, "Le Petit Canadien-Francais"; distribution of prizes to pupils of 5th and 6th grades; "Country Justice," a comedy; distribution of prizes to pupils of 7th and 8th grades; comic opera, "Barbaro, the Brigand"; address by Rev. C. E. Drouhin, P. R., presentation of diplomas to graduates.

## RESERVE BOYS TRANSFERRED Have Moved From Marblehead To Bumpkin Island

In a letter received from Clarence A. Noyes, member of the First St. Johnsbury Naval Unit, it is stated that Carlyle Sargent, Howard Fiske, Robert Allison, Dow Farnham, Thomas Priest, and Noyes have been transferred from the training station at Marblehead to a station on Bumpkin Island, Boston Harbor. Noyes asks that all mail to the boys be addressed to that place otherwise it will not reach them.

Miss Agnes Foye has been on a short visit with her parents in Boston.

## CALEDONIA COUNTRY FAIR TO BE CONTINUED IN FUTURE, IT IS VOTED

At a meeting last night, called by George C. Cary, president of the Caledonia County Fair Association, at which 24 representative business men, interested in the fair were present, it was voted almost unanimously to continue the fair. During the discussion mention was made of the Red Cross Campaign to raise \$100,000,000 of which sum St. Johnsbury will be called upon to contribute her part or about \$5000. After the fair ground matter was disposed of, Mr. Cary proposed that the Red Cross campaign be started immediately, and although the hour was late, every one of the 24 men present followed Mr. Cary's lead and made a generous subscription to the American Red Cross. The total amounted to \$540.

Several months ago Mr. Gray circulated a paper among the business men of St. Johnsbury, securing subscriptions for the Fair Association in the forceful way for which he is noted. Up to the present time these subscriptions have amounted to \$5500. While more money is needed before the Association can be clear of debt, the sentiment of the majority of the men present was emphatically in favor of going ahead with the fair this year.

Many features were considered pro and con, including the various calls for subscriptions on account of the war, but the feeling was strongly in favor of not only continuing the fair but of making it a much greater success than it has been of late. A vote was finally taken to go ahead with the work of preparing for the fair next fall.

Although the discussion had been general and the vote was not taken until a late hour, the president of the Association asked for one moment's further attention of the men present and asked that in view of the fact that they would all be invited to contribute to the Red Cross within a week that they start the matter now in good shape.

He started the subscription with a good round sum, and also reported a like sum from another patriotic citizen, and in less than 15 minutes the men who were present at the meeting had subscribed \$650 for the Red Cross. Certainly St. Johnsbury shows her patriotism in many ways. The people of St. Johnsbury have been asked this year to contribute to very many good causes, and in no instance have they failed to respond promptly and generously.

## PATRIOTIC MEETING WEDNESDAY NIGHT

A big patriotic meeting will be held at the Armory Wednesday evening, preceded by a band concert at Court House Square, under the auspices of the Commercial Club. L. Newcomb, secretary of the Boston and Maine railroad, and Hon. Frank L. Fish, of Vergennes, will address the gathering. Mr. Newcomb will speak on the problems of railroads, and how the people can help the work of carrying supplies and munitions in time of war.

The meeting is for the benefit of the public and is free of charge. The band concert will begin at 7:30 o'clock and continue until 8:30 when the musicians will go to the Armory, there to furnish music throughout the evening.

## CONTRIBUTIONS MADE TO THE Y.M.C.A. FUND

Arthur F. Stone, in charge of the Y. M. C. A. fund campaign for this section of Vermont, announces that he has already received \$200 in contributions to the fund. The work for the association in this section was begun with a meeting at the Undercliffe, where addresses on the subject were heard. The committee is making the canvass by mail.

It is the object of the Vermont Y. M. C. A. to raise \$25,000 to go towards the national fund asked. A ready a large sum has been subscribed but more is needed. Caledonia county is asked for \$1000. In Danville and other surrounding towns a house to house canvass is being made with excellent results.

## DAVIS ACCEPTS PRINCIPALSHIP

Principal of Wellesley, Mass. High School Will Come To Academy

Joseph A. Davis, now principal of the high school at Wellesley, Mass., on Friday telegraphed his acceptance of the position as principal of the St. Johnsbury Academy, having obtained a release from his engagement at Wellesley where he had been re-elected for the ensuing year at an advanced salary. He was not an applicant for appointment here but, at the request of members of the Boston Association of the Academy Alumni, came to St. Johnsbury last week to meet the trustees and to look the situation over. The trustees were unanimous in wishing to secure his services, which has now been accomplished.

Mr. Davis received his degree of A. B. at Bowdoin College and later that of A. M. from the University of Pennsylvania. Before going to Wellesley, he was for three years principal of high school at West Chester, Pa. One who knew of his work there writes:

"While at West Chester he showed that he possesses the unusual combination of qualities which enabled him completely to reorganize the high school course, raise the educational standards and improve the morale of the teaching force, last, but not least, to convert a very ugly school spirit into a helpful and loyal one. He possesses a strong and pleasing personality. He stands well over six feet and is every inch a man. I have known him from early boyhood and was with him in college."

Rev. Carl M. Gates of Wellesley, formerly of St. Johnsbury, writes in highest terms of Mr. Davis' standing and efficiency and character as a teacher and factor in educational circles, and, while regretting his departure from Wellesley, rejoices that St. Johnsbury Academy is to have a strong and able principal.

Hon. Edwin A. Bayley, one of the trustees of the Academy residing in Boston, who has taken much interest in the selection of a new principal writes:

"He has nothing to mar his record which has been one of steady progress. He is a growing man and, as such, a strong man for our principalship."

Mr. Davis is married and has one child. Mrs. Davis is a highly accomplished young woman and will be an important factor in the social life of the community. Under the new administration the Academy is expected to make even greater progress than heretofore and to extend more widely its beneficial usefulness.

A. J. Le Veer of the Church of Notre Dame des Victoires. All the young people are of St. Johnsbury.

A reception was held Tuesday evening in honor of Mrs. Arthur Gregg at her home here. The couples are very popular and the marriages came as a surprise to their friends.

## \$20,000 DAMAGE SUIT OF CLAYTON P. STONE IN HANDS OF JURY

The case of Clayton P. Stone, of St. Johnsbury, vs. the Passumpsic Telephone Company, of this town, was given into the hands of the jury yesterday evening at 5:40 o'clock, after a day spent in argument by counsel on both sides. At two o'clock this morning the jury was still out. Stone, who was formerly employed by the telephone company, is suing for \$20,000 damages for injuries sustained, it is claimed, through negligence of the concern.

The case has occupied the week, beginning Tuesday afternoon, and continuing until last evening. When court opened yesterday morning, after adjournment since Saturday evening, the first thing noticed in the courtroom was a beautiful decoration of flags over the bench. Hon. Alexander Dunnett, counsel for the telephone company, asked the court to render a verdict for the defendant. The request was refused and argument begun. After a few moments' work it was noticed that but eleven men occupied the jury box. It was learned that George Gordon, of Sutton, the twelfth man, was quarantined at his home on account of the measles.

After some discussion counsel for both sides agreed to continue the case with eleven men, and court proceeded with that number in the box. Judge Fish, after hearing argument from counsel, charged the jury, explained the law in the case thoroughly, putting the case in their hands at 5:40 o'clock.

The next case on the docket is that of Hattie M. Bancroft vs. A. H. Cote in suit for damages for injuries sustained in an accident.

## ST. JOHN SBURY TO BE REPRESENTED IN SHOOT

At a meeting of the St. Johnsbury Rifle Club, held Tuesday evening at the Armory, it was voted to enter a team in the national small arms competition. Twenty-two caliber rifle alone are used in this contest. An elimination contest to decide upon members who will represent St. Johnsbury at the big shoot will be held on the campus at five o'clock Friday afternoon.

Outdoor practice will begin Saturday afternoon at five o'clock at the rifle range on Frank Carr's farm. Those who find it impossible to attend the elimination shoot Friday will have an opportunity to fire the 22 caliber rifle at this time.

Captain Harold Cady, of the First Vermont Regiment, was present at the meeting last evening last evening and gave a short talk on rifle firing. The next meeting of the club will be held Tuesday evening, June 26.

## PROFESSOR MICHAUD WILL SPEAK HERE

The regular meeting of the local branch of the Red Cross was held at the Armory yesterday afternoon with 167 members attending. Much work on surgical dressings was accomplished, and it was announced that \$9.75 had been obtained through the sale of old rubber articles which had been contributed by the members. It was further stated that 1180 new members were secured in the membership campaign a few weeks ago.

Professor Michaud of Smith College will give an address on his three years' work with the American Ambulance Corps in France, June 25 at the Armory. Professor Michaud is in this country on a furlough of three months, and intends to return to France shortly after delivering the address here. The public is invited to attend. A silver collection for the benefit of the Red Cross will be taken.

Miss Maude Harding was given a banquet at the St. Johnsbury House last evening before leaving St. Johnsbury for the summer. Miss Harding has been for nine years a popular teacher at Union School, last year succeeding Miss Woodruff, and many friends regret her resignation.

## MILK MAY GO TO 14 CENTS

Price Will Soar If The Demands of N. E. M. P. A. Are Granted

Boston, June 19.—The demand of the New England Milk Producers' Association for increased prices to the farmers for their milk will be answered tomorrow by the principal distributing agents of this city. Dr. Nelson M. Davis, a director of H. P. Hood & Sons, distributors, said tonight that if the dealers should grant the demands they would be forced to charge consumers 14 cents a quart beginning July 1. The present price is 11 cents a quart.

Richard Pattee, secretary of the Association stated that the organization had not decided what action it would take in the event of a refusal by the distributors to grant the demands for a price to the farmer at 7 cents a quart. The Association, he said, is now the selling agent for a majority of the dairymen of New England, and any steps it might take would be far-reaching.
